

What do we do?

When you deal with David Whysall International Fireworks you get the benefit of over 40 years experience in firework design and manufacture, AND the production of spectacular fireworks displays. Experience gained on FOUR continents! Experience that we put to work for YOU – day after day, year after year.

We offer several alternatives to your fireworks display requirement so that your special day will be **SPECTACULAR!**

1) Professional-fire displays

Shouldn't you deal with the company that has successfully fired well over 400 spectacular displays at Niagara Falls; the company that designs and manufactures the fireworks to strict standards in conformance with all the requirements in Canada; the company with an unblemished safety record; the company that delivers true value-for-money?

Remember, if the competition makes it sound too good to be true – it probably is!!! Why? Because most of them are buying product from a distributor – they cannot offer factory-direct prices - **Impossible!**

The fireworks display is probably the most eagerly awaited event at your festival or special event. Don't risk the disappointment or liability of a poor or unsafe display. Note that ALL of our displays are electrically fired guaranteeing the utmost in excitement and safety.

Call THE professionals NOW!

2) Self-fire displays

We can provide the fireworks for your display. Again, our prices and quality cannot be beaten. We can also loan you mortars for your display, or alternatively, you can purchase them.

We offer advise on set-up, firing sequence, safety and how to get the maximum excitement from your show.

Remember, we do this every day of the year.

We are happy to pass on advice to you. We're here to help. Just check out our prices at: <http://www.dwfireworks.com/selffire.htm>

3) Indoor/Close Proximity

"Indoor" and "Close Proximity" pyrotechnics describes products that have been specifically engineered for use close to audiences and structures. They are being used extensively in theme parks, music concerts, and indoor venues. And they are being used with great safety and control, because of their precise and predictable performance. Since they are designed for firing close to audiences, they are much more "in your face", while using only a fraction of the explosives of conventional fireworks.

"This past year David Whysall International Fireworks was contracted to shoot the fireworks for both the City of Kelowna Centennial Celebration and also the City of Kelowna Canada Day event.

I found David Whysall and his team to be extremely knowledgeable, conscientious, and reliable in his approach to putting on the fireworks shows in Kelowna. He worked closely with City staff and his attention to detail was second to none... Both shows went extremely well and the residents of Kelowna were treated to the best fireworks displays the city has seen."

Scott Isfan, Community Recreation Coordinator, City of Kelowna

"On behalf of Estée Lauder, we would like to extend our sincere thanks to you for your participation at the Global Landmarks Illumination of Niagara Falls. Your belief in the cause and your understanding of its important message is apparent through your generous and enthusiastic support.

It has been our dream to have a PINK fireworks finale for the Illumination Event and now, thanks to you and your team, that dream came true. The fireworks were, without a doubt, the highlight of the evening and we have received so many comments from people who were overwhelmed by the magnificent spectacle. The thoughtful process behind the design and the passion you demonstrated in bringing it to fruition was far beyond our expectations."

"You did it again my young man - the fireworks show was excellent. Spring Valley was proud of you and the fireworks on July 2nd. It made the Canada Day weekend special for all of us. Emmerson and I also took in the Mount Forest Fireworks - fantastic!! Thanks to all involved, Doug, Beth and friends!!"

Marie Hamilton, Office Manager, Spring Valley Resort

Once again Diwali celebrants were treated to a thrilling fireworks display. Thank you and your staff for another wonderful fireworks display.

Chandrakanth Kothari, Kitchener

"Thank you, Thank you!!! You did an awesome job...Blow up the valley or what! Everyone was totally amazed with the display. It was great with all the reflection on the snow. Thanks again, and we'll certainly give you a call for the next big event at Caledon."

Mike Porter, General Manager, Caledon Ski Club

"The skies above Niagara on a summer Friday evening will never be the same. Thanks to you we recorded thousands and thousands of oohs and ahs. Your shows were dramatically programmed, on time, and delivered with flair. Many thanks to you and your fine staff for providing lots of memories to the hundreds of thousands of people who enjoyed this year's Falls Friday Fireworks."

George Bailey, Director of Communications, The Niagara Parks Commission

"The shows were spectacular!

The shells were bright and varied climaxing with a volley of intense shots and bangers to the delight of Niagara's visitors. Dave and his professional staff ensured that each show met all safety guidelines and regulations. My experience with David Whysall Fireworks has been professional and pleasant. Show time has always been fun, always on time, and always safe. David Whysall Fireworks delivers the goods. I recommend them highly."

Greg Bailey, Director of Events, Winter Festival of Lights, Niagara Tourism

"On behalf of the North Bay Heritage Festival & Air Show Management Committee, I would like to sincerely thank you and your staff for the most exciting and breathtaking fireworks display our event has ever hosted. With every new year, the logistics of our site creates new challenges for the fireworks display, and we are always able to work together to find solutions and make the adjustments required to provide a spectacular choreographed display.

Many thanks again to you and your team, and we look forward to working with you again next year."
